To overlay onto Google Earth....
You first need to download a copy of Google Earth's operating system from <http://earth.google.com> then...

1. Activate Broadband access to internet
2. Set up map with required OziExplorer track and/or waypoint file
3. Click here (creates a dialogue box) and save the file.
4. In that same dialogue box "click" on the "View Data in Google Earth" - Google earth will automatically connect.
