

IMPORTANT!
Click here to save all OziExp files that are open. is a very good idea to use to on a regular basis. Avoids disasters!

Check this row of buttons out

Show/Hide waypoints

Put cursor over these buttons to find out what files are being viewed.

These arrows will "jump" you to the available adjacent map file/s based on which arrow you choose to press - try them all.

Zoom your screen view or alternatively use Page Up or Page Down Keys.

Magnifying glass to help read the smaller print on the map

Click here to drag waypoints and track points around the screen.

Click here to show Map View - **VERY USEFUL.**

Waypoints Used : 0 of 10000 (GPS:1000) Events Used : 0 of 1000

This help file comes to you from MADOG - roger@smartersafety.com.au - www.smartersafety.com.au. If it assists your learning please send a .plt (track) file that you made while traveling one of your favourite tracks for inclusion in the National E-Trek library and as a result receive access to make file withdrawals for your own use.
